MICHIGAN GAMING CONTROL BOARD RELEASES DETROIT CASINO REVENUES & WAGERING TAXES FOR JUNE 2018 AND SECOND QUARTER 2018

In a [press release](#) dated July 11, 2018, the Michigan Gaming Control Board ("MGCB" or "Board") released the June 2018 revenue figures for the three Detroit casinos – MGM Grand Detroit Casino, MotorCity Casino and Greektown Casino.

The three Detroit casinos reported \$119.1 million in aggregate revenue for June 2018, a 5.3 % increase from the same month last year. The results were 4.4% below the monthly revenue for May 2018.

Please see the linked [State of Michigan official financial report](#).

Revenue increased at MGM by 6.6% to \$51.8 million. MotorCity recorded a revenue increase of 4.4% to \$39.6 million. Greektown revenue increased by 4.4 % to \$27.7 million compared with June 2017 results.

The June 2018 market shares for MGM Grand Detroit, MotorCity Casino and Greektown Casino were 44%, 33% and 23% respectively.

During June 2018, the three Detroit casinos paid \$9.6 million in gaming taxes to the State of Michigan, compared with \$9.2 million for the same month last year. The three casinos reported submitting \$14.2 million in wagering taxes and development agreement payments to the City of Detroit in June.

All three casinos are subject to a wagering tax of 19%, with 10.9% of this levy payable to the City of Detroit and 8.1% payable to the State of Michigan. The figures released by the Board are the gross receipts less winnings paid to wagerers. The figures do not include: 1) any fees or other relevant city,

state or federal taxes; 2) wages and benefits paid to casino employees; 3) payments to suppliers, services providers or vendors; nor 4) other normal business expenses.

Second Quarter Results 2018:

The three Detroit casinos posted a 3.9 percent increase in aggregate revenue during the second quarter compared with the same period in 2017. MGM's quarterly revenue was \$157.4 million, up 5.8 percent from second quarter 2017 results. MotorCity recorded \$124.9 million in revenue, a 3.4 percent increase. Greentown's \$85.6 million in revenue was up 1.2 percent from second quarter 2017 results.

SAGANING EAGLES LANDING CASINO GROWING WITH \$55 MILLION EXPANSION

On Wednesday, July 11, the Saganing Eagles Landing Casino in Arenac County celebrated reaching the half-way point of its huge \$55 million expansion with a topping off ceremony as the last beam was placed atop the new five story hotel being built on the property. The hotel should be open by August 2019.

When the expansion is complete, the Saganing Eagles Landing Casino will have more gaming space, including the 148 room hotel to accommodate guests. The expansion also includes a full-service restaurant and additional gaming space.

"This is going to be the largest property in the region north of Bay City," said Ron Ekdahl, chief of the Saginaw Chippewa Indian Tribe in an [interview with ABC News 12](#).

The casino attracts about one million visitors a year, but that number is expected to grow when the \$55 million expansion project is complete.

"When you go to a casino, you are there. You want to spend a night or two. A lot of times you stop for a half hour or a couple of hours, have lunch and move on," said Ray Brenny, CEO of

Soaring Eagle Casinos to the news station. "People will actually stop and spend time here." The tribe will be increasing its workforce as well. The Saganing casino is currently the largest employer in Arenac County with about 300 employees. There will be 160 new job openings created with the expansion.

"We are going to have an aggressive recruitment effort," Brenny said. "We are going to start way in advance and we are going to try and pull people from the local area. If not, from out of the county or out of state."

"It's going to be a boon," Brenny said. "People are going to start looking at the development in the area and I think it's going to attract other businesses to move into this region."
